Powerful Capabilities that Increase Business Growth with Proven Results contained in One Special Excel File

- ✓ Outcome Certainty: It ensures with mathematical certainty that you will consistently achieve your goals and meet expectations throughout the year, using simple concepts and easy to follow graphs
- ✓ Ideal Results: Within minutes, it causes ideal end-of-the-day results, month after month, because it knows how to gently guide teams to find "perfect fit" solutions to daily issues and challenging dilemmas
- ✓ Improved Performance: It improves employee performance by 10, 20, sometimes 50% by giving your teams practical knowledge on how to precisely and objectively align their abilities to your needs
- ✓ More Budget Power: Step-by-step, it provides an easy to follow process that automatically analyzes your budget to find ways to "buy" more while ensuring that everyone is set up to succeed
- ✓ Workforce Ownership: It transfers ownership of tasks and new initiatives to the workforce, causing them to embrace, support and value their assignments - making change much easier to implement
- ✓ Saves Time/Less Effort: Even when groups are geographically distributed, it saves you time and effort in monitoring and managing teams to ensure they meet customer expectations and your needs
- ✓ Best Value/Best Buy: Best practices, industry solutions and conflict resolution procedures are bundled in a powerful template that is simply designed to make your management efforts easier and more rewarding

The technology is called Peak Performance and Alignment Template (PPAT), and with 30 years of working with Fortune 500, government and small business clients, Catalyst Technologies understands your management needs. Developing an evolutionary template, simple in design but powerful in capability, PPAT gives you unprecedented control to make your success a mathematical certainty.

PPAT applies to every aspect: operations, projects, manufacturing, initiatives, and even proposals - easily integrating with other systems. Whether it's a small group or 1000 employees distributed worldwide, a single PPAT makes managing success simple and certain. Call to learn more or to view an amazing demo: (310) 476-6899
